Ashley Fires returns to Divine Bitches with two lucky slaves groveling at her feet. These chiseled pieces of man meat will do anything to win her attention. However, when you submit to anything in the presence of this Divine Bitch you better know what you're asking for because she's bound to come up with something so twisted and devious that you wished she would have stuffed a ball gag in your mouth from the start. Ashley's bound hunks compete against each other taking quite the beating to their muscles and cocks. They're strap-on ass fucked and teased and denied with a cock sucking fuck machine. When Ashley's still not satisfied she commands the slaves to do the one thing that turns her on more then anything, suck each others cocks! Begrudgingly the slaves do it only for the promise of a taste of her delectable pussy. Ashley is so turned on by the slaves doing something she finds so erotic and they hate that she uses both of them as human dildos leaving them in a pile of sweaty defeated mess.
