Mature Alert: Curvaceous First Timer Victim: Magdalene St. Michaels Approx. 128 mins 2011 Kink.com

€ 18,95

50 year old cougar, Magdalene, explores bondage and BDSM for the first time. The right way. All or nothing. This big breasted soon to be bondage slut is pulled taught by her wrists. With her arms and legs bound together she has very little room to escape the floggings she is served.
On her knees, arms spread and tied off, her gag harness keeps her upright while her hips are pulled forward. Her nipples take pounds of weight, a vibe is crammed into her cunt and she learns to be grateful.
She is strapped to a y frame and blindfolded. Then she is caned from tits to toes, working her body over. Just out of breath, she is then fucked and vibed into an orgasmic fury to drain all life that is left of her.
