Rosebud Exposed Victim: Kelly Divine Approx. 57 mins 2012 Kink.com

€ 18,95

Kelly starts out bolted to the floor, legs in the air, with her pussy and asshole completely vulnerable. Tom puts clover clamps on her pussy lips and stretches them as far she can take while he canes her feet. She screams for mercy but he doesn't give it to her. He takes a fucking machine and rams her asshole until she comes and squirts uncontrollably, showing us her rosebud. Tom completely covers Kelly's giant boobs with clothespins while she's bound by her hands to the ceiling. He flogs her all over her body, and she tries to get away but she can't. He makes her come until she's begging for him to stop, and then he keeps going.
Finally Kelly finds herself strapped to a gurney, bound by her hands, feet, and through her mouth. As Kelly lies there whimpering, totally immobilized, Tom makes her cum still more while he decorates her pretty toes with clothespins. He flips her over and rams a dildo into her ass, making her squirt and cum all over herself, and then leaving her to lie in her own filth.
