Looking like an alien, the cunt is laid on her back in pile driver with a pussy hook attached to her gag, ensuring she is truly fucked and not able to move much. She is tickled and tormented, then suspended by her ankles in the extremely challenging pretzel position. Laid down, Jack goes after her cunt in an overwhelming orgasm and squirt fest.Bitch is strapped in leather, kneeling on a box and arms strappado. Her nipples are again tested with sticks and clover clamps. Jack suspends her, challenges her with pain, and in the end always gets what he wants.
