Annabelle Lee is as cute as they come. Her youthful face gives us the illusion of far deeper fantasies. In scene one, pig is trapped by the neck in a standing stock. Her shoes are drilled into the floor and she is handcuffed. She earns the name pig by her snorting laughter when she is tickled mercilessly. This earns her a pig nose, pig tails, and a pig butt plug. Second, pig is bent into a challenging back arch. Claire takes advantage of Anabelle's tiny bush tormenting her with the mean black clips all over her cunt hair and then ripping the clips off. Third, pig gets her fuck hole greased and primed to be pummeled with the fucking machine. Her incredibly sensitive feet get tormented with the tazapper and more tickling. Her orgasms are so intense they seem almost painful. Cum watch this bitch repetitively explode and surrender to unforgiving metal, wood, and leather.
