Proxy is bound standing bent in a stripper like pose, tits out - ass out. Orlando takes advantage of her round booty and canes her ass. Nipple clamps stretched out and tied. Inflatable anal dildo. Made to orgasm. He primes her up, ripening the cunt for her next predicament. Then she is bound uncomfortably on a box and blindfolded. Hot wax is painfully administered to her body. Tweezers-style clamps are added to her nipples and one extremely painful clamp added to her clit. Tormented with poky sticks, her ass and pussy are rammed at the same time with thick dildos. Straddle splayed on the floor, the whore is on display for the taking. Her head is held down and her mouth, affixed to a pipe. She has little to no wiggle room and is completely helpless while Orlando violates this bitches' holes.
