The Domina Files volume 76 Mistress January Los Angeles CA - USA Running Time: 85 mins

€ 9,95

January Seraph is one of the most fierce and stunning Dominas in Los Angeles, and we paid a visit to her exclusive dungeon and documented the kinky and torturous treatments that she would deliver to her willing slaves. A lesson in servitude, followed by a well deserved over the knee spanking sets one slave straight before being strung up by his ankles and subjected to ample amounts of CBT. Another misbehaving slave boy fails to follow simple instructions and finds his cock in very strict hands. His cock and balls are tormented heavily, leaving him weak in the knee.
