Mistress Chanel Preston, our resident sassy princess is back giving Micah Andrews a run for his money on his second day of training with the Bitches. He's tied, whipped, humiliated, hot candle wax torture and given a deep ass fucking that only Mistress Chanel can do. But, the one thing that the Bitches have been laughing about amongst themselves is the new nickname they've given to the adorable Micah, Two Pump Chump! That's right, Micah is a premature ejaculator and I promise you the Bitches use this little piece of comical information to their wicked advantage!!
