Blake returns for another day of training and this time he's lucky enough to catch Mistress Lorelei on her "nice" day. Strung up by his arms and put into a painful predicament with nothing but clover clamps, twine and a really stretched out nutsac, Blake does his best to satisfy the Divine Miss Lee but seems to fall short. That's ok for Lorelei because that just means more sexy torment and pain! CBT, humiliation, whipping, electrical cock torture, pegging, chastity, tease and denial and ass worship are all included! Wolf and Goddess Aiden have a history. They are best friends and business partners and since Wolf doesn't submit much anymore so when he gets the itch to be at the foot of a goddess he looks no further then the one he trusts more than anyone else, Aiden. Aiden doesn't go easy on Wolf either with plenty of humiliation, whipping, painful zippers, and strap-on ass fucking. Aiden mounts Wolf's perfect cock using it all for her pleasure after he licks her pussy and ass. Wolf is officially used and made into the exclusive Divine Bitches cock toy plaything!
