Chad Rock returns to Divine Bitches for another day of training this time under the discipline of Mistress Lorelei Lee. Chad has the nerve to show up the day of the shoot straight from a morning meeting at the office in his suit and acting all cocky. Mistress Lorelei Lee chuckles and uses this against him stating that in the office having an ego and a cock may be a good thing but having a cock in her dungeon puts you at a disadvantage. Chad is humiliated, endures CBT, flogging and pegging. She totally destroys his business suit and leaves him a disheveled mess using his cock for her sexual gratification then milking every bit of his sticky filth from his cock.
