Welcome back Jack Hammer to Divine Bitches. It's been awhile and Jack returns to push his limits with Mistress Bobbi Starr. This shoot is sadistic and evil bringing Jack to tears while Mistress Starr uses the implement she is best known for, **ELECTRICITY!** Bobbi wires up Jack's nipple rings, puts his cock in a electrified chastity belt and taunts him with the vilest of electro-torture tools, the cattle prod. He's bent over and fucked hard and deep with her strap-on cock and covered in painful pegs. Finally his cock is tied up and teased with her beautiful pussy and ass then totally denied! Welcome back, Jack!
