Eastern European Expeditions Continue! Maitresse Madeline has recently arrived in Prague and calls her good friend, Sandra Romain looking for worthy slaves. Sandra puts her garden boy through trials of pain play to see if he's good enough to present to the ruthless Maitresse. Outside, on her expansive manor house property Sandra beats Martin into submission using some of Maitresse's favorite tools. Nipple torture, CBT, dunking, electro play, strap-on fucking, and ass worship are just a few of the depraved acts Sandra chooses to test Martin's ability to serve.
