Cherry called me up to ask if I could set up a surprise for her new slave Micky. Micky was caught off guard and once we got him in chastity and brought in Jason, He had nothing to do but make his mistress happy and suck that big black cock, getting it all nice and hard for Cherry! Jason's load drips off Cherry's pussy lips and she sits right on top of Micky's face, feeding him the only thing he's eating for dinner.
