Nestled away in Arnhem, the Dutch city famous for its "Bridge Too Far" resides the stunningly blonde-and-statuesque Mistress Lucinda, attended by the stable of devoted submissive men who adore and worship her. In this unique Domina Files DVD, Lucinda invites us into her well-equipped dungeon for a private audience, and the exciting opportunity to watch her bind and torment several willing male slaves. One is suspended in rope bondage. Another is slung in a leather body bag. Yet another is strapped down in latex, while a fourth is stripped, blindfolded and yoked! It's no-nonsense BDSM action at its best, by one of Europe's best Dominas!
