Cherry Torn's True Colors Starring: Cherry Torn @ The Pope Approx. 63 mins 2017 Kink.com

€ 18,95

Cherry Torn plays the top role other places, but today we get to see her in all of her masochistic submissive glory. Her neck is secured to the floor with a steel hinged collar; control the head and you control the body. It doesn't take long before we see the real slut in Cherry emerge as she is destroyed in the first scene. The next scene stays on track with the brutality. There is no down time for this slut, especially since she gets off so hard to being treated like a dirty slut. In the final scene we put her in a nasty back bend with one leg up making her pussy available and ready for fucking. The day is almost over slut, don't give up now.
