Claire's Day Off Victim: Sara Jay Approx. 60 mins 2013 Kink.com

€ 18,95

Welcome Sara Jay to Device Bondage and welcome back Orlando. Today he gets prime grade A meat, flexible and smoking hot Sara Jay. First up Orlando goes after Sara's GIGANTIC tits, trapping them between her arms and making her kneel with a strap around her neck and up to the pulley. He flips her in doggy and finishes the job. Second is a tribute to Sara's amazing flexibility in a punishing metal open legged pile driver / v-fold. Her toes are tied to her hair presenting a nice flat surface area for Orlando to cane. He then takes a fucksall into his own hands and pounds her cunt. Finally, in latex and leather, Sara is mounted on the sybian with legs spread and arms in a tight arm binder. Again and again this bitch cums from pain, pleasure, and everything in between.
