

Falling Into Ashes - Ash Hollywood Victim: Ash Hollywood
Approx. 68 mins 2013 Kink.com

€ 18,95

Ash is tenacious, tight bodied, and full of determination. She asked to be pushed and she got exactly that, in every scene. First the blonde cunt is bound in a standing spread eagle with her head trapped in a wooden box. She is overwhelmed with sensation play from nipple clamps that keep her stockings up and a nice challenging flogging. Claire ups the ante by adding a chain crotch predicament and is curious to see how far forward this bitch can bend. In her second predicament, Claire loves the audio shock setting on the Eros Tek unit and goes to town on Ash's sensitive tits. Her calves are caned. Nipple clamps are added. We begin to wonder if this is really what Ash signed up for... too late now. Finally our aim is to push her hard with cruel bondage. She is folded over metal and vet wrapped where the only items exposed are her tits and ass. Wet and vulnerable, a cock with a vibrator attached pummels her sensitive cunt. Cum oozes out of her tight pussy and we've got this blonde cunt falling into ashes.
