A Recipe For The Perfect Storm Starring: Dahlia Sky Approx. 65 mins 2014 Kink.com

Dahlia begins moderately laced in a tight fitting corset, ballet boots and high reaching posture collar. Everything is exposed and she is helpless to the torment that awaits. Today she gets to be tormented by electricity, I do wonder how she is going to respond.
Once satisfied with her being pushed to the limit, she is laid on her back (the rightful place of all sluts) and thoroughly fucked. All of her holes are filled. She screams of ecstasy even while in a hellish metal device; desperately, clinging to the pleasure.
