Scott Upton comes to Divine Bitches quiet and reserved with a dirty secret, HE LOVES BEING DOMINATED BY WOMEN! Scott had his first experience with BDSM with an older woman in a garage where she suspended him and whipped him into a frenzy. Scott hasn't been able to get to that same mind space again until, Bobbi Starr. The beautiful Mistress Bobbi Starr ties him up and whips him right into that submissive space, tortures his cock and balls and even dabbles in a bit of electrical torture. Scott has so much weight hung from his balls we ran out of weights on set so Bobbi just decides to brutally strap-on fuck his ass with all the weight on! And, for your viewing pleasure Bobbi gives you a POV style strip tease sure to bring any submissive right to their knees. After all it is all about the pleasure of her pussy and that is exactly what she gets. Orgasms for her and none for her pathetic piece of meat. Do you think Scott deserves a second chance with the Divine Bitches?
