Mistress Chanel Preston, our newest resident Divine Bitch nails it and I mean nails it with the humiliation. For fans of this type of domination Mistress Preston is the apple of your eye and stores your balls in her purse. This perfect princess will deliver her cold as ice words with such cuteness that you're immediately rendered helpless knowing you belong no other place than at her gorgeous feet! Parker is the Bitches favorite adorable rocker but treated like nothing more than a piece of meat fresh for the taking. He's striped of his clothes, put in a cock crimper, spanked, caned and clamped all the while having small penis humiliation! He's strap-on ass fucked in the ass and used as a human dildo then made to swallow every drop of his own disgusting filth. Mistress Chanel Preston is a true delight to behold and her natural dominance over men is divinely addicting! I know you'll agree!
