€ 18,95

Scratch has recently come to enjoy BDSM in his personal life and decides to come to The Armory to really get a taste of strict femdom and punishment. Goddess Aiden Starr treats Scratch to a day of humiliation, whipping, CBT, CFNM and humiliating strap-on butt fucking. He desperately hopes he will earn the privilege to fuck Goddess Aiden but she isn't impressed. Instead, she smashes his cock and balls in a CBT device and uses other parts of his body to get herself off. His poor cock pulsates in the device begging for a taste of her pussy but Goddess Aiden finds it much more amusing to tease and deny him!
