Halloween is here again and this time I bring you LAMENT: A Ghost Story!! Gabriel finds himself lonely in a porn theater waxing nostalgia over his three missing girlfriends. Is he the one to blame? Will justice ever be served? Gabriel's deep seeded kinkiness comes out as he day dreams about each of them coming back to haunt him and give him the proper femdom treatment or is this really all just based in reality? That is for YOU to decide! Bondage, humiliation, wicked tease and denial, spanking, flogging, cbt, foot worship, strap-on ass fucking and aggressive dominant sex are all included! I hope you have as much fun watching this as we did making it for you! HAPPY HALLOWEEN!!!
