

Dr. Torn's FemDomme Laboratory Starring: Cherry Torn, Wolf Hudson & Sean Spurt Approx. 79 mins 2014 Kink.com

Dr. Torn takes a twisted interest in Sean Spurt, who has a particularly intriguing reaction to the doctor's sexy and sadistic techniques. Throughout the course of the six-month experiment, 214 develops an attachment to his beautiful and commanding doctor as well as affection for her. While 214 is slapped, clamped and electrocuted in bondage, his cock drips with a remarkable amount of precum. He reluctantly entertains her fascination with the humiliating effects of feminization, including full transformation, a "pelvic exam" with an anal speculum and some hard strap-on anal fucking.
