A Sound Decision Starring: Maitresse Madeline & Tony Orlando Approx. 75 mins 2014 Kink.com

Tony confesses what a twisted pervert he is doing everything and anything taboo to get off. His fetishes run the gamut and he's hit a wall and needs to find something new, something darker, something more sick and twisted than the last. Madeline tests his reactions to traditional spanking, ass worship and strap-on ass fucking. She observes she's able to slide her entire fist in his ass and milk his prostate giving him orgasms to the point where he can't take it anymore, but that's not enough. Madeline expertly strokes Tony's cock with long shiny metal rods from the inside while stroking his cock on the outside for a tease and denial experience that is so new so exhilarating it takes femdom to new levels!
