Leo arrives at Divine Bitches hoping for a regular session with Goddess Aiden Starr but she has other plans for him. Sure, she beats him, challenges him, uses hot wax, spansks him, whips him, humiliatingly strap-on fucks him in front of another man and commands him to worship her pussy for her pleasure. However, it is the dirty, filthy, despicable things she commands him to do to her gimp boy that takes this shoot over the top and gives you a display of a slave who truly is devoted to his domme.
