

Terrorizing Bianca Breeze Starring: Bianca Breeze & The Pope Approx. 61 mins 2016 Kink.com

Bianca shows up nervous as hell, she's excited, but her fear is starting to show. I spread her lean body out between two columns and get to work. The blindfold gives me the element of surprise and I take full advantage of it. Next she is bent over, and the pain that had started to go away is back and more brutal than before. Now that she is screaming again I start to fill her pussy and mouth with a huge dildo with every intent of violating her as much as possible. This time her pussy explodes with squirting orgasms. In the final scene she is on her back, clamps are put on her nipples and the entire set gets sprayed down with her squirting whore juices.
