

Tattooed Masochist in Grueling Bondage Starring: Lola Luscious & The Pope Approx. 65 mins 2017 Kink.com

€ 18,95

Lola is a real masochist. She loves the pain so much that she starts to purr when the punishment starts. She begins in a doggy position and her ass is assaulted with heavy spankings before her pussy is made to cum for the first time. Next we bend her in half in a pile driver and render her completely helpless. Her pussy and ass are tormented and a huge dildo is shoved deep in her pussy. The Pope takes turns fucking her pussy and mouth, fills both holes and sends her orgasms into overdrive. Lola is punished and then hoisted in the air in a brutal back bend and then fucked with the tip of the vibe. This whore can't stop cumming!
