The Interrogation Series

In the "Interrogation Series" the victims are spies that find themselves half naked and caged. Different methods are used to extract the information they have. On the wheel of torture, whips and 15,000 volts of electricity are used. In the leg spreader, clamps are applied to tits and pussy lips. Each girl goes through four torture scenes. Then she finds out that it was really a training lesson. Look for the next video where you will find our victim as the interrogator and she does to the new girl everything that was done to her! This is fun erotic and full of great expressions. For most of the girls this is the first time they have done anything like this!
