

Bullwhipped by Erzsebet

Bullwhipped by Erzsebet - Mistress Erzsebet returns home from a business trip and finds out that her boyfriend Lex has been hitting on other women at the local bars. She is about to leave him, when he begins begging her to stay, saying he will do anything not to lose her. Erzsebet decides to give him a severe beating, starting out with an over the knee hand spanking and paddling. Not satisfied with his attitude, she takes him to the living room for a long hard whipping. She uses an arsenal of singletail and bullwhips on his back and ass, leaving him with visible welts. She then finishes him off with six foot long switches that reduce him to tears.
