

Interrogation Nightmare

Interrogation Nightmare - Numbskull Nathan has been bothering the female inmates in Mistress Omega and Mistress Nicole's prison camp. Bad Idea! These two cruel vixens tear off all his clothes and subject him to some serious tickling before putting a plastic bag over his head and tying a panty hose around his neck. Now it's time for some smoking torture. They burn him with cigars and cigarettes on his nipples and private parts. Both Mistresses then take a turn with the single tail whip leaving huge welts on his back and ass. Next comes the cruelest cock and ball device we've ever seen, it's a clamp spike crusher that leaves nate howling with pain, music to these women's ears.
