

Debt to the Governess

Debt to the Governess - Tony hasn't cleaned his room and is lounging on the bed when his governess, played by Mistress Persephone, walks in and demands he clean the room now. Tony's nonchalant attitude and sassy mouth raise the ire of his governess as she embarks on teaching him the error of his ways. Persephone delivers countless hard face slaps to Tony that turn his face fire engine red. Not satisfied at Tony's change in attitude, she puts him over her knee and gives him a hard hand spanking, all the while verbally chastising him as only Persephone can do. Next she drapes him over the bed and straps his ass with a thick leather belt, followed by more hard face slapping.
