Bella Rossi returns for an epic Live Show at the hands of two sadistic bitches, Claire Adams and Mz Berlin. In the first scene, Bella and Claire play a little game of Marco - Polo done Device Bondage style. Claire and Bella are each blindfolded and Claire turns round in circles to give Bella the advantage then advances with the cattle prod. Since Bella is blindfolded she has no idea where and when she will be zapped! In scene two Bella is on her back like the cum hungry whore she is in wooden stocks. Her legs are bound to her elbows, frogged, then chained open so the bitch can't go anywhere. A zipper is painfully applied to her breasts and her feet are simultaneously caned by Mz Berlin and Claire. In the final position Bella is bound standing and bent over a custom metal apparatus. She is oiled up and her nice thick ass is paddled. Claire and Bella play a round robin between fucking her cunt and her mouth. Bella takes it like a champ, lifting her feet repeatedly off the floor and cumming hard.
