Latex slut is standing, ready, sweating onto herself with the moistness trapped in a film of rubber against her skin. She is made to slowly and sexily undress at the behest of Mz and insert vaginal and anal inflatable plugs that are attached to latex panties into her holes. The panties are pulled up and inflated in the ass and cunt. Mz drags her over to the chair and she is bound stretched tight in clear straps. An inflatable gag is stuffed and filled in her mouth... she is now airtight. Mz works her over... tormenting her, challenging her with nipple clamps, the tazapper and vibrator.
