

Extreme Level! Starring: Orlando & Sophia Locke Approx. 90 mins 2015 Kink.com

€ 18,95

Sophia loves this shit, and it shows on her face when the pain begins to take over her senses. Orlando and The Pope jump right in and start the destruction. It is a fast start without any warm up, and it becomes too much for her. The action is slowed down, but only briefly so that she can be brought back to the extreme level properly. To withstand this type of brutal torment, she has to be warmed up, and once this has happened, she goes the distance. She is promised the most painful spanking of her life, but only if she makes it through the day with these two sadistic fuckers brutalizing her.
