Mistress January Seraph is back and this time I pair her with slaveboy Jessie Sparkles. The energy in the room that day was thick and the connection between these two was palatable. Pushing Jessie to his limits is my favorite thing to watch and January pushes every one of his buttons with her expert skills. CBT, single tail, breath play, sensory deprivation, strap-on anal, prostate milking and tease and denial are all included! One more Bitch and Jessie may have the honor of serving Maitresse. Who should it be?
