Francesca may be new to Divine Bitches but she's not new to femdom. She shows off her skills dominating this muscular wimp into submission! He's humiliated by being stripped naked of his clothes (CFNM) while Mistress Le commands him to worship her sexy feet, shoes and stockings. Muscle boy gets a hard-on with pre cum dripping from his cock so a Mistress has to do what a Mistress has to do, stomp on his cock and OTK spanking! He's then strung from the ceiling, cock and balls tied with weights and strap-on ass fucked from behind. Muscle slut does have a thick cock and Mistress Le uses it for her pleasure while he has his head in a face sitting box. Once she gets hers he is allowed to get his all over her beautiful pussy but she then puts the face sitting box to good use and smothers him with his own filth!
