Meet Micah Andrews. At 19 years old, he's what you'd expect from a boy who's not old enough to drink, being innocent and uneducated to the ways of the world. His one redeeming quality is that he's very eager to please and knows his place as a playtoy for Goddesses Isis Love and Mistress Gia DiMarco. They string up Micah, torturing him then pegging his tight, young ass while making him worship their asses. But when they sit on his face it pushes him over the edge, causing him to cum before these untouchable women give their approval! The punishment for his insubordination is placing his cock and balls in chastity, and making him drink the their heavenly squirtjuice, which he does like the good little bitchboy he is.
