Chanel Preston has many fans but no one claims to be as big a fan as John Jammen. Every time I run into John in the building he begs me to book him with Chanel. Who am I to squash someones dreams? Instead I make his dream come true and book him with Chanel but little does he know my devious plan. He thinks he's going to take all the pain and humiliation and prove to Chanel he is worthy of her pussy but instead he's cuckolded in the end like a little fanboy bitch!!! Reality cuckold humiliation at it's finest!
