Maitresse Madeline allows Robert Axel to train with her on his very first day with Divine Bitches! This lucky muscular piece of man meat is used to women fawning all over him and thinks that because Maitresse has allowed him the honor of worshiping her on his very first training day that he'll win her over just as he always does with the ladies. Robert's in for a rude awakening when Madeline strips him of his ego and declares him the official Divine Meat. Madeline is going to pass this one around to all her Divine girlfriends just for the amusement. Robert is whipped and has his cock and balls tortured. He's teased by Madeline's beauty and his cock remains hard the entire time! Can you blame him? She fucks his ass deep and uses her magic fingers to milk his prostate until his cock erupts with filth uncontrollably. Still, his cock remains hard! She uses him like a pony riding him around the basement, making him worship, lick and clean her asshole while she comes. It's safe to say the other Bitches are going to have a field day with this one and we will just have to wait and see how he turns out in the end!
