Jason Miller returns to Divine Bitches after a long hiatus. Will he still possess the skills to please our newly crowned Divine ones? Mistress Nicki Hunter cuts through Jason with her wicked verbal skills and humiliates him in ways we have never seen. He's beat, whipped, made to worship feet and strap-on ass fucked. All the while Nicki has him locked away in chastity with hopes that he will earn his release. She tricks him into thinking this will happen if he does something utterly humiliating for her, wear a tampon in his man pussy! Of course Nicki never locks him out, squirts all over his face then swallows his chastity key! Guess he will never be unlocked unless he wants to dig for it!
