Mistress Gia Dimarco was booked to domme Sebastian Keys but on my way into the Armory that morning I got a crazy idea when the skateboarders out front the Armory were heckling me. I thought why not turn Sebastian into the bull and bring one of the skateboarders in to think they are going to help us out and fuck a pornstar for the day but instead make them wear women's panties and cuckold them like a little bitch! We had a blast coercing him into the Armory and even more fun whipping, feminizing, making him suck cock, locking him in chastity, fucking his ass! Mistress Gia Dimarco is amazing in this fucking Sebastian and humiliating her chastity cuck by squirting all over his locked up dick then jerking Sebastian's load right on to his face! Everytime I see him outside the Armory skateboarding now he turns red with embarrassment and now the entire world is going to see!
