€ 9,95

Located near Sydney's Blackwattle Bay, the bondage & medical dungeon of Mistress Tokyo is truly one of the southern hemisphere's best venues for bizarre and heavily fetishistic BDSM fantasy! In this video you will witness Mistress Tokyo's intense leather interrogation! Watch as she artfully suspends her willing submissive in rope bondage and torments him with her lit cigar! Marvel at two heavy latex clinical sessions, where both Tokyo and her slave don heavy rubber for an anal exam and a multi-layered cocooning! Our Domina Files video crew captured all this kinky action, plus dungeon tour footage and some of the best interview segments ever! Mistress Tokyo is Australian SM and fetish fantasy at its best!
