The Domina Files volume 48 Severe Selections Running Time: 1 hr 26 mins

€ 9,95

Since way back in early 2006, the Domina Files crew has travelled the globe in search for the best Dominas available for its video series. Here we are nearly 50 volumes in with no signs of stopping. The Domina Files series has documented the dungeons that hopefully one day you'll get to visit yourself. The selections we've chosen here are but a few that stands out in our mind. Enjoy!
