Less than five minutes by foot from the Bremen Central Station Lady Anna reigns the SM Lounge – a complete house converted into a true BDSM heaven in this industrial city in the North of Germany. An incredible multi-room house with two fully equipped White Rooms, two super dungeons and an incredible atmosphere that takes your breath away. Lady Inez and Lady Anna submit a slave pig during an extended session to their whim and submit him to rope bondage, suspension and serious SM play, where neither the whip not clamps are spared and the pig oinks for mercy, but none of his pleas are honored. Complete with interview segments with Lady Anna, owner of the SM Lounge, a dungeon tour and behind the scenes footage of the city of Bremen in Germany.
