

The Domina Files volume 61 Lady Alexxa Berlin - Germany
Running Time: 1 hr 10 mins

€ 9,95

When we first saw her in action at the German BoundCon we were impressed by her dominant skill and grace she had while flogging a tied submissive to a post. When we saw her again in Berlin she was in the midst of moving to a new studio of her own and had lost her voice, but she was keen to show us and you her passion: she adores the whip, the cane and loves to humiliate submissive men. So what better place to show the public her skills than the Peitschenhandel, *home of the whip* where she occasionally uses the space. In this movie she uses a humbler to force her masochistic slave and though she never raises her voice, the whips cracks and the cane swirls, the marks are magnificent. A must have and see movie for everybody who is into corporal punishment! Complete with interview segments, a dungeon tour and behind the scenes footage of city of Berlin.
