€ 9,95

Linda Electra is one of the most industrious mistresses in Belgium who combines her passion for nightlife with her life as a dominatrix. She works out of a genuine bar in bustling renovated part of Antwerp where she offers a nice selection of Belgian beers and wines but also hosts parties for the local BDSM and fetish crowd as well as transvestites. In this movie she is assisted by the lovely novice in the scene, Mrs. Loni Bunny and together they do an extended session with a willing slave who is submitted to heavy bondage, masks, whips, nipple clamps and a double vibrator session to force him to sacrifice his seamen for these goddesses. Extended play to the max for the slave boy! Complete with interview segments, a short impression of the dungeon and behind the scenes footage of the ancient city of Antwerp, Belgium.
