€ 9,95

The dominatrix in this DVD has a different approach to BDSM play and her multi room dungeon is well worth the long drive down into the Belgian countryside. An appointment must be made as Lady Nighthawk wants to devote time with her submissive clients – nothing is rushed and with over 30 years of experience she knows exactly how to play with your mind – and body. She shows us her bondage skills, uses the whip and cane on both her male and female slaves and does not spare the candle wax on the girl, strapped down on the bench. Lot of bondage, pony play, whipping as well as an in depth interview will keep your eyes glued to the screen, wanting more of Lady Nighthawks intriguing BDSM and mind play!
