The Domina Files volume 75 Mistress Shane II Antwerp - Belgium Running Time: 85 mins

€ 9,95

One of our most successful volumes in this series cried for a follow-up as a lot of things changed since we last filmed with the stunning American Mistress in her old dungeon (Volume 5). Mistress Shane moved back to the heart of Antwerp. She now has a huge dungeon with multiple rooms, filled to the brim with stunning gear, toys and everything a true submissive can dream of.

In this action packed film she is assisted by Mistress Shri and both dominate a range of slaves, submit them to sound and dildo-training with huge strap-ons to humiliate their subjects to the max. Bondage, CBT, chastity training, wax, caning and whipping, orgasms – it is all there, hot and steamy! A must have collectors DVD that will keep you gasping for air when you see Mistress Shane and Mistress Shri in action!
