The Domina Files volume 79 Mistress Dolora Hassloch - Germany Running Time: 82 mins

€ 9,95

It is rare that a Domina Files movie actually becomes a file. In this stunning film we see how two stern mistresses dominate several slaves, including a never seen before pig and butcher fantasy role play in every aspect of the game. Not for the light hearted. Then there is outdoor pony play on the streets, indoor play including severe whipping, bondage and lots of clamps – and this all in a stunning villa turned into a BDSM mansion. Unfortunately, the house of Lady Dolora and Mistress Kristen can no longer be visited as it shut down at the end of 2013. It leaves us with an action packed film of what happened there… but both mistresses are still active in other studios in Germany and can still be contacted! Complete with interview segments, a dungeon tour and behind the scenes footage.
