The Domina Files volume 81 Mistress Noir The Hague - Holland Running Time: 100 mins

€ 9,95

Located above a gentlemen's club one has to climb several steep steps but… the realm of Mistress Noir is worth every one. Noir specializes in making fantasy become a reality. She knows how to use her body and mind to make submissive men throw themselves on the floor and worship her boots. In this action packed movie we see the transformation of a slave into a slutty slave girl, only to be whipped by the mistress and treated "kindly" with a huge strap-on. The other slave cannot wait for his turn and is tied to a bondage bed where Mistress Noir has more in store for him than he can handle. Bondage, CBT, chastity training, wax, caning, whipping and orgasms – it is all there, hot, steamy and strict! Complete with a peek in the town of the Hague and an interview with Mistress Noir…
